

Occupational Health and Safety Policy Statement

Lockhart Garratt was established in 1998 by John Lockhart and Graham Garratt. Lockhart Garratt is one of central England's leading independent authorities on trees, woodlands and forestry. We pride ourselves in providing sympathetic, practical and pragmatic tree-related solutions to a wide environment.

Our specialist practitioners include chartered surveyors, chartered foresters, chartered environmentalists, arboriculturists, cartographers and qualified ecologists. The Company works in all fields relating to trees and woodland, from one-off consultancy to long-term management arrangements, providing consultancy to private clients and professionals, in particular Chartered Surveyors, Accountants, Solicitors and Architects. The Company has eighteen-plus staff and is based in Corby, Northamptonshire.

Our policy at Lockhart Garratt is to provide and maintain safe working conditions, safe equipment and safe systems of work for all of our employees, and to provide such information, instruction, training and supervision as required for this purpose.

Our hazards and associated risks are numerous that is why we at Lockhart Garratt are committed to continually improve our Occupational Health and Safety systems.

Lockhart Garratt is committed to comply with all Occupational Health and Safety legislation and all other requirements to which we subscribe.

The implementation, documentation and maintenance of this policy will be achieved under the banner of the "be safe not sorry, Health & Safety standards". The whole programme of Health & Safety at work will be monitored to ensure successful implementation. Our aim is to continually improve our Occupational Health and Safety systems.

This policy will be communicated to all our employees. All employees will be made aware of their health and safety obligations through information, instruction and training. It is the Company's intention to encourage good safety practices and continuous improvement. This policy will be made available to all interested parties and will be communicated on our website.

This policy will be reviewed every two years to ensure that it remains relevant and appropriate to our organization. We accept that all accidents are preventable. In our view "success is no accident".

This policy is endorsed by our Health & Safety director.
