

Environmental Policy Statement

Lockhart Garratt is committed to protecting the environment and subscribes to the principles of sustainable development. We realise that our activities could have an impact on the environment. We are therefore committed to improving our environment; giving advice and preventing pollution where we can.

Our overall commitments are to:

- Comply with all applicable environmental legislation and other appropriate requirements.
- Develop and Implement an effective Environmental Management System that meets the requirements of BS EN ISO14001:2004.
- Work with contractors and sub-contractors to develop their procedures to minimise the risk of environmental pollution.
- Minimise the use of natural resources.
- Use less energy in our operation by improving energy efficiency.
- Reduce waste going to landfill through appropriate waste management systems.
- To minimise nuisances that may arise from our activities.
- Train staff to ensure they are aware of their environmental responsibilities and their role in working towards a better environment.

This policy is communicated to all our employees, contractors, sub-contractors and is available to the general public. It is fully endorsed by our Board of Directors.

The Directors of Lockhart Garratt will hold regular review meetings to provide a framework for setting and reviewing objectives and targets.

Graham Garratt

Managing Director, Lockhart Garratt
